

Dear Sir,

You can access your portfolio on Computer which is maintained by MIDEASTPORTFOLIO. Simply follow the instructions below:

Step 1. Download a free version of MProfit application (Click Here) (<http://www.mprofit.in/download>)

Step 2. Once installed, from the menu goto ->Tools -> Manage Advisor Data

Step 3. Select 'New' and enter the information below and select 'OK'

The screenshot shows the MProfit software interface for user RAJ KUMAR GANG. The main window displays a table of assets with columns for Asset Name, Quantity, Amt. Invested, Curr. Price, Today's Gain %, Overall Gain %, and Curr. Value. A dialog box titled 'Add / Edit from List' is open, containing a sub-dialog 'Add/Edit Advisor Data' with fields for 'Advisor Name' and 'Family Name', and buttons for 'Receive Data', 'New', 'Edit', and 'Close'.

The screenshot shows the MProfit software interface with the 'Add / Edit from List' dialog box open. The sub-dialog 'Add/Edit Advisor Data Login Details' is active, showing fields for 'Advisor Code', 'Username', and 'Password', along with an 'Include in views' checkbox and 'OK' and 'Cancel' buttons.

Enter the Advisor code, username, & password from the email sent earlier.
(we advise you copy and paste the information as it is case sensitive)

Step 4. You will now be able to see your portfolio.

If you have any query please write to us.

Thank You,

Thanks & Regards,

Mideast Team
